

## CSA website officially live

*Public view of SMS now available*

*Posted December 13, 2010*

The Safety Measurement System (SMS) data base under the Compliance, Safety, Accountability (CSA) enforcement model was launched December 13, 2010. **(Note: CSA was formerly called Comprehensive Safety Analysis.)** Similar to its predecessor, SafeStat, SMS has both a public and private view.

According to the SMS website, the current data is based on a 24-month record ending November 19, 2010.
